Re: Relentless basketball donation

Dear _____,

This letter has been prepared by the Wellness Through Athletics to announce our intention to apply for the Relentless basketball donation. Wellness Through Athletics is a non-profit organization focused on providing youth basketball and sports performance training scholarships that provide girls the opportunity to participate in high-level competition.. The mission of our organization is to provide youth girls the opportunity for physical and mental wellness through athletic competition particularly basketball instruction, physical fitness training and injury prevention.

The purpose of applying for the Relentless basketball donation is to offset the costs associated with uniforms, league registration, game and tournaments, gym rental, and travel/lodging accommodations for club basketball..

Your generous support will allow Wellness Through Athletics to financially support youth girl basketball players and families and allow them the opportunity to showcase their skills and maximize their potential on and off the basketball court.. Please send an application and any additional materials to Wellness Through Athletics at the address listed above. We look forward to speaking with you in more detail regarding our organization.

Sincerely,

Donna Huhn
President
